

Wearable 911 Panic Button

Leveraging more than 40 years of 911 expertise and innovations, Intrado's Wearable 911 Panic Button offers a technologically advanced approach to safety devices with a unique set of features and smart design.

The Wearable 911 Panic Button is part of the Intrado Safety Suite, a comprehensive set of solutions for end-to-end incident management. With Safety Suite, Intrado helps you prevent, respond to and recover from any type of emergency with services spanning unified alerts of IP-based endpoints, mass notifications, visitor management, reunification and more.

A Modern Approach to Wearable Safety Devices

Intrado's Wearable 911 Panic Button delivers meaningful features that save valuable time and transmit critical data to *make every second count*.

- Notify 911 immediately of an active shooter or other event while simultaneously notifying staff campus-wide by silent haptic vibration with flashing LED lights
- Instantly initiate building or campus lockdowns and easily cancel false alarms
- Customize device activation, types of alerts and which alerts notify 911
- Location data, incident details, floor plans and more can be automatically shared with the 911 center

Intrado Safety Suite is comprised of best-in-class solutions that bring unrivaled protection when used in concert with each other.

Intrado solutions are backed by an unmatched position in the 911 ecosystem, ensuring emergency requests for assistance reach the right first responders quickly with accurate location and incident details.

40+

Years of 911 innovation and expertise

6000+

Connections to PSAPs across North America

410M+

911 requests for assistance delivered a year

Unrivaled Connectivity

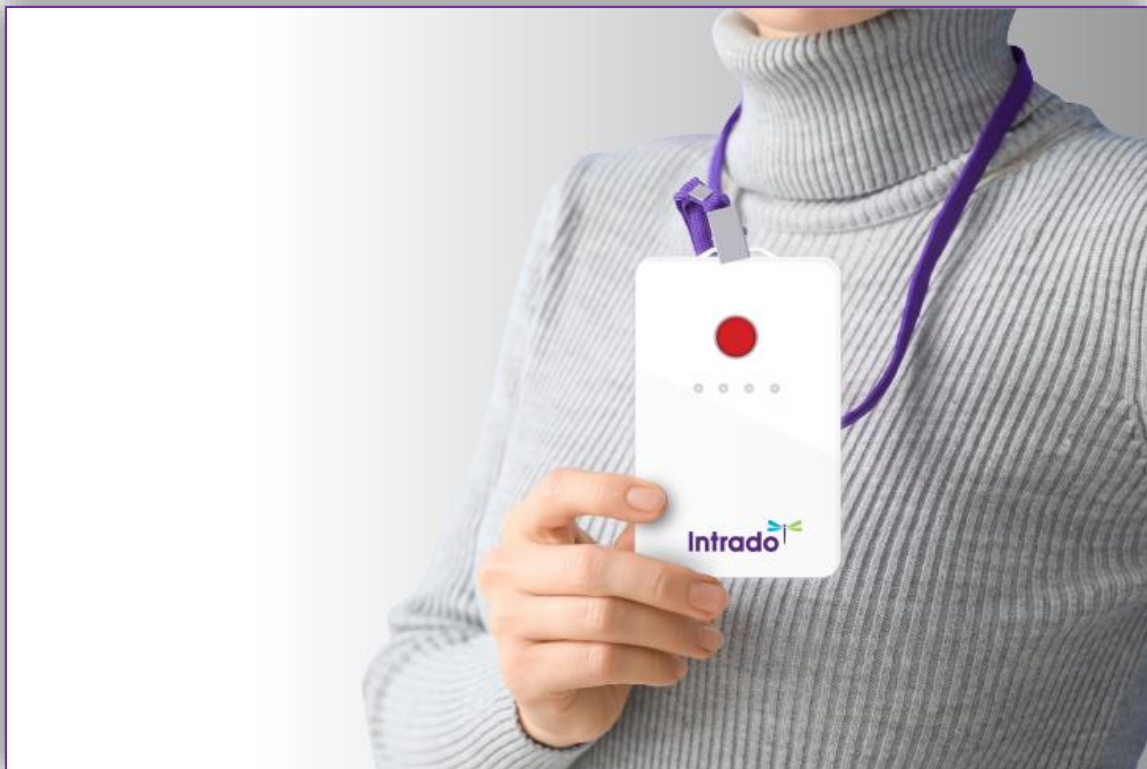

Rest assured that staff can access services whether on campus, in transit or at offsite events.

- Bluetooth Low Energy (BLE), WiFi and Cellular/LTE for 100% connectivity
- Extended life rechargeable battery requires only one charge per year
- Daily device health checks with dashboard results for added peace of mind

Compact Design with Customizable Options

The Wearable 911 Panic Button is an ID-badge-sized device that can be configured for different scenarios and branded for your organization.

- Programmable options for various emergency types
- Lightweight design does not interfere with daily activities
- Color and personalized logo options available

Safety Suite for K-12 Schools, Higher Education or Enterprises

Intrado Safety Suite has desktop, mobile and mounted panic button options as well as features that align with the unique needs of K-12 schools, higher education institutions, or businesses – including solutions that address state and federal Enterprise E911 regulations and Alyssa's Law compliance.

Intrado Safety Suite is comprised of best-in-class solutions that bring unrivaled protection when used in concert with each other. Intrado solutions are backed by an unmatched position in the 911 ecosystem, ensuring emergency requests for assistance reach the right first responders quickly with accurate location and incident details.

- Over 40 years of 911 innovation and expertise
- Connections to over 6000 Public Safety Answering Points (PSAPs) across North America
- Delivering over 410 million 911 requests for assistance a year

For a truly complete and integrated approach to safety threat response, make Intrado Safety Suite a central piece of your emergency response strategy.

About Intrado

Intrado is an innovative, cloud-based, global technology partner to clients around the world. Intrado Life & Safety connects people and organizations at the right time and in the right ways to the nearest emergency assistance, and provides thousands of public safety agencies and first responders with critical data points to coordinate the best emergency response. Our end-to-end 911 solutions help enterprises keep their users safe and meet 911 regulations.
